EXPLANATION OF TERMS AND DUTIES

Host Pastor: Pastor of church hosting a mission.

Key Leader: A partner of the Host Pastor. The Key Leader will be **the primary** contact person for the Celebrate Jesus staff and leadership team coming to your church. The Key Leader will oversee Coordinators and help facilitate the mission by encouraging and modeling leadership and servanthood.

Host Church: Your church.

Coordinators: Those who oversee a specific committee (Prayer, Hospitality, Follow-Through, Visitation and Block Party). The Coordinators will recruit a team of helpers and will manage all aspects of their area of responsibility. Coordinators take part in planning the mission for your church.

Hospitality Committee will be responsible for the care of the visiting team by ensuring three nutritious meals a day, daily showers and a clean location in the church facility for the team to sleep (guys in one room, girls in another, and a separate meeting room). Also, provide any contingencies for out-of-state or international missionaries who may be assigned to your church.

Prayer Committee: *Prayer is the most important part of mission!* The Prayer Committee will organize prayer events and individual prayer activities. They will bring the church body into prayer for the mission, prayer walk the neighborhoods that are targeted for mission and lift all aspects, no matter how small, to God in prayer.

Follow-Through Committee will help plan what the "ongoing" mission will look like by strategically putting people and events in place before mission. Your church family will need to be ready to welcome visitors, offer ministries and facilities to help meet their needs, get them involved in church activities and start discipling them. Most contacts made during mission week will need **ADDITIONAL** personal invitations and follow-up.

Visitation Committee is responsible for mapping out the areas to be visited, arranging transportation for the teams that go out, and getting materials (flyers, free gifts, water bottles, supplies, etc.) ready for distribution. It is crucial that these jobs be completed **before** the week of mission.

Block Party Committee: This committee is responsible for making your free community event happen! Each church is unique so each block party is unique. Responsibilities include planning, obtaining and setting up all food, tents, entertainment and games. They will also arrange for donations of door prizes and provide an area for visitors to find out information about your church.

**Please return this completed Covenant by November 1, 2011
